## **The James Dungey Lectures**

An annual series of lectures on geophysics (including solar physics, solar-terrestrial physics or planetary sciences). The James Dungey lecture normally covers topics concerning the science of the Sun, solar environment, planetary environments or solar-terrestrial science.

<b>Year of Lecture</b>	<b>Name of Lecturer</b>	<b>Date Lecture Given</b>	<b>Title of Lecture</b>
2019	M. Clilverd	TBC	TBC
2018	J. Wild	2018 December 14	<i>Space weather: living with our star</i>
2017	C. Owen	2017 November 10	<i>Manifestations of the Dungey Reconnection Process within the Heliosphere</i>
2016	B. Lanchester	2016 January 13	<i>Some remaining mysteries in the aurora</i>
2015	H. Mason	2015 October 9	<i>A golden age of solar physics</i>
2014	S. Chapman	2014 December 12	<i>Reconnection and Turbulence: Thinking in Pictures</i>
2013	P. Cargill	2013 January 11	<i>From Flares to Nanoflares: Magnetic reconnection at work on the Sun</i>
